ROLLING *with* *the* TIMES

As the times go by hairstyles and fashions change, but the faces underneath do not.

Since the first day we stepped inside the doors of HHS we have seen the smiles of familiar faces, shed tears over hard fought games, struggled through horrible advanced math classes, written the dreaded term paper, slept through first hour study hall, done everything possible to get in with that special crowd, shopped hours for the perfect prom dress, and taken the nerve-racking SAT's. Some of these events have been a lot fun and others have been quite challenging, but all of them have been a memorable part of our high school days.

The friendships that will shape our lives forever have been made here. Some faces we won't remember, but some we'll never forget and all of them have made HHS what it is.

In the years to come as we think back on those good ole days of high school the times will have once again changed, but the memories of our high school years will always be enclosed between these two covers.

HAPPY HALLOWEEN!!!

Seniors Jason Pollock, and Julie Roskowski put on their happy and sad faces to celebrate October 31 the right way.

A CHANGE OF SEASONS

With school beginning in August for the first time we had to say goodbye to those hot summer days spent on the beach and the late nights out with our friends a little sooner than usual. Before we knew it fall had appeared and Friday nights were once again spent at Brickie Bowl. The trees turned beautiful shades of red, yellow, and orange, and the weather became a bit cooler.

The days grew shorter and the air became brisk as winter approached. The cold temperatures made getting out of bed even harder than usual. School was released for a snow day in February. It was the first time in several years that the Hobart schools had been given a snow day.

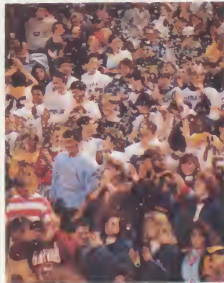

As the flowers and trees began to bloom and turn green a new freshness filled HHS. When students returned from spring break senioritis set in. Seniors realized that they were taking their final step before they entered the real world, and the underclassmen anticipated the long, fun-filled summer days ahead of them.

As each new season came and went so did the different activities that accompany them and make each year a special one. Seasons add a lot to every year just as they did to the 1988-89 one.

HO, HO, HO, MERRY CHRISTMAS!!!

Seniors Diane Dallis, Lynn Bood, Beth Kozyra, and Lisa Patrick display their holiday spirit by wearing red and green.

Homecoming '88

TROJANS HALT HOME WIN STREAK

The week of September 19-23 was definitely an eventful one! Monday started off spirit week with camouflage day in which many students wore army fatigues. On Tuesday students wore jerseys or sweatshirts from their favorite college or university. Wednesday students took a step back in time for 60's or hippie day in which the school was filled with tie-dyed shirts, bandannas, peace symbols, and protest signs. Thursday friends and couples dressed alike for twin day and Friday was the traditional purple and gold day.

Friday during seventh hour

students gathered in the gym for a pep session where the varsity and junior varsity cheerleaders danced to "Great Balls of Fire," and Dan Zanolla was named Mr. Football. Members of the Booster Club painted the store windows downtown and decorated the players lockers. As school dismissed after the pep session students gathered on the front lawn to watch the Sophomore float go up in flames. Later that night it was announced that the Sophomore float "Trap the Trojans" won the float competition.

During the half time festivities Seniors Linda Seibel and

Dave Widener were named Homecoming Queen and King. Their court consisted of Juniors Russ Kietzman and Carrie Ford; Sophomores Rich Sparr and Kim Gallagher; and Freshman Frank Maggio and Jennifer Dickson.

As the last seconds ran from the clock Brickie Bowl was filled with disappointment as the Trojans downed the Bricks 21-17 and ended a 71 home game winning streak.

At the Halloween dance a costume contest was held, and the adult chaperones were the judges. Prizes were donated by local stores and were given to the winners. HHS WELCOMES NEW FACES

Three new administrators and two new faculty members joined HHS for the 1985-86 school year.

Mr. William Cope returned to HHS as principal after spending the past six years as principal of the middle school. He replaced Mr. Richard Barack who resigned.

Before becoming the middle school principal, Mr. Cope spent years at HHS, first as a biology teacher, and then as a guidance counselor and assistant principal. Prior to that he began his teaching career at what was then the junior high as a general science teacher after graduating from Earlham College in 1956.

In his 33rd year in Hobart schools Mr. Cope feels that the strengths of HHS include an excellent teaching staff and student body, as well as a good basic curriculum and a variety of activities. Some of the weaknesses he sees are the physical facility needs renovation and the student body needs to develop more pride in HHS.

Mr. John Leach was promoted to assistant principal from his position as dean of students. He attended Hanover College for his undergraduate degree. He received his masters from Purdue University where he majored in English. He also received his educational specialist degree and administrative license from Purdue.

Mr. Leach, in his 20th year at HHS, feels there are some differences between teaching and being assistant principal. Now he has an impact on all students and can keep in touch with all the students. Mr. Leach said, "We have a dedicated staff of teachers, a great show of pride and a good student body."

Miss Sherry Williams is the new athletic director, replacing Mr. Lloyd Ahlbrand who resigned. She attended Ball State University where she majored in physical education and health and mino-

red in public speaking. She previously worked at Hammond Morton High School and she now resides in Crown Point. "HHS has a fine athletic program in progress now. If needed, I will do some improvements, but as of now, I see none I need to make," said Miss Williams.

Mrs. Barbara Loverich, in her first year at HHS, taught psychology, Consumer Economics II, and geography, attended Indiana University where she received her undergraduate degree. She then went on to receive her masters degree from Valparaiso University.

Mrs. Loverich, originally from Portage, was a student teacher under Mr. Bob Johnson, a former HHS teacher. While a student teacher, she taught Russian history, world history, and sociology.

Mrs. Loverich taught for seven years at Portage High School, and at Bishop Noll for four years before coming to HHS. She lives in Valparaiso, is married and has a son and a daughter. Some of her hobbies include soccer, bike riding, volleyball, crocheting, reading, and knitting.

Mrs. Elke Passenger, originally from Germany, taught Basic Freshman English, German, and senior composition at HHS. Mrs. Passenger who arrived in Hobart Aug. 28, was a student teacher at the University of Oregon. She went to Oregon on an exchange program and, while there, she studied English. She also went to University Konstanz in Germany where she studied German and English.

Mrs. Passenger feels the major cultural difference between here and Germany is that German schools are selective. At age 10, students are divided into special groups. The academic students study in the gymnasium, behavior problem students would not be found. There is also a lot of pressure and students are very moti-

vated.

The other levels include a main level, special or secondary level. In America, Mrs. Passenger said, there is a mixture of many different levels of students in one class.

Mrs. Passengers hobbies include reading, horseback riding and traveling. After she graduated from college in Germany she traveled to such places as Israel, Norway and the Scandinavian countries.

GENESIUS PLAYERS PRESENTS

"Night of January 16th"

The Genesius Players presented "Night of January 16th" Wednesday and Thursday, Nov. 9 and 10. It was a comedy-drama written by Ayn Rand and edited for stage by Nathaniel Reed.

The play was a murder trial in which Karen Andre was on trial for the murder of Bjorn Faulkner. The jury decided whether Bjorn was murdered or if he committed suicide. Only one member of the jury was on the jury; the other 11 members were chosen from the audiences the nights of the performances. The jury had to listen to the evidence

presented and decide whether or not Karen Andre was innocent or guilty. The play had two endings depending on the verdict of the jury. On the first night of the play the jury found Karen Andre innocent, and on the second night she was found guilty.

For the first time play director, Miss Shirley Mumaugh double casted the characters. She did this to allow more people to play leads, and, therefore, gain more experience.

The leads were as follows: Seniors Riley Vickery and Mary Orosz, District Attorney: Seniors Robi Cervantes and Rob Miller,

Defense Attorney: Seniors Tracey Hinshaw and LaVaughn Stewart. Karen Andre; Senior Kirsten McKinney and Sophomore Dina Widener, Nancy Lee Faulkner. Other members of the cast were: Alisa Kisela, Tina Shurr, Dave Widener, Paige Ritz, Ann Enloe, Harvey Dickson, Tricia Corder, Alice Larson, Bill Evans, Sue Kemper, Trudy Huff, Shannon Ridgeway, Dawn Wharton, and Les Boothby.

GOOD THING SHE'S DEFENDING YOU!!!

Senior Roberta Cervantes has an intense look of seriousness on her face as she defends her client Karen Andre.

Senior Dave Widener listens intently to the witness as he plays the role of Judge Heath.

DON'T CRY DINA!!!

Sophomore Dina Widener shows her emotions as the loving wife while portraying the role of Nancy Faulkner.

HOWELL WINS NO. 200

In his 23rd year as head coach, Don Howell celebrated his 200th victory September 16, 1988 with a 31-7 victory over the LaPorte Slicers. The win was also the 71st consecutive win at Brickie Bowl. Howell then became the 10th Hoosier prep football coach to win 200 games.

Howell received a commemorative plaque from athletic director Sherry Williams following the game. The veteran coach also received a standing ovation from the packed home side of the stadium.

"It's a great any time you win, but if you would have told me when I first started coaching, that I would win 200 games in 23 years, I'd tell you no," Howell said in his postgame interview.

"There have been some great wins because we've had some great football here."

"This definitely means a lot to me, but all the victories mean a lot to me. And it took a lot of players to do it," Howell said.

Howell finished his 23rd year as head coach with a career record of 205 wins, 51 losses, two ties, six state finalist teams and one state championship. When he was asked when he was going to retire, he answered, "As long as we have kids like these who really want to play football and pay the extra price, I'm going to stay coaching for a long time."

HHS PICKS BUSH

With 1988 being a presidential election year, the HO-HI LIFE held an election of its own. Students were asked to vote for one of the candidates and tell why they chose him.

Out of the 448 students who voted, 233 chose George Bush to be the next president, while 169 selected Democratic candidate Michael Dukakis. Seventeen students were undecided. Some students did not take the election issue seriously and wrote in such candidates as Richard Nixon, Alf, the Communist Party, Paul Simon, Big Bird, and of course MTV's candidate, Randi of the Redwoods. Senior Scott Richardson was also a write-in candidate.

Among the varying reasons students chose Bush were because he was Republican, for capital punishment, and for building a defense. Students also felt that he had more experience since he had been vice-president for eight years.

There were also many reasons why students felt Dukakis would have made a better president. A lot of students liked the fact that he wanted to raise minimum wage. Other students thought Dukakis would make it easier to get student loans which would help them pay their way to college.

SMILE PRETTY MR. BROWN!!!

School Mayor, Linda Seibel, and Government teacher, Mr. Mike Brown welcome Mrs. Evan Bayh to HHS where she talked about current political issues.

MRS. BAYH VISITS HHS

Hobart welcomed Susan Bayh, wife of former Indiana Secretary of State and present governor of Indiana, Evan Bayh on September 22, 1988. She spent some of her time talking to Mr. Mike Brown's 5th hour Consumer Economics class.

The class, which was made up of mostly sophomores, told Mrs. Bayh their feelings on how to improve HHS.

Some of these included the addition of air conditioning and the renewal of mid-term graduations. Mrs. Bayh asked questions on what the students felt about capital punishment and the searching of students lockers for drugs.

GLORIA AND DIEGO CROWNED

Spirit week started off Monday Feb. 6 with Red Day, Tuesday was Hat Day, Wednesday was College Day, Thursday was Concert T-shirt Day, and Friday was the traditional Purple and Gold Day. Friday during seventh hour students gathered in the gym for a pep session at which all winter sports were recognized. Senior Troy Mercer was voted Hottest Legs and 1989 Mr. Basketball.

At the half time festivities Seniors Gloria Simpson and Diego Rosambuj were crowned Homecoming Queen and King. Laura Webber was crowned Junior Princess and Chris Laine was crowned

Sophomore Princess. Freshman Princess was Christine Mikusevich.

As the last seconds ticked from the clock, the Vikings topped the Bricks 76-71. Coach Jeff Loveless was pleased with the school support shown at the game and with his teams performance.

After the game, Student Council sponsored a dance in the gym. The dance was a great success according to Mrs. Joan Storey, the sponsor of Student Council.

SIP Program Struggles

The School Improvement Process (SIP) got off to a slow start this year. Students were urged to join teams so the SIP vision could be realized. The vision, "HHS students are equipped today to achieve their full potential and succeed in the world tomorrow," was developed last year.

New teams formed this year and their leaders were as follows. Study the master schedule, Miss Gail Schrader; Study local requirements and electives, Mrs. Rosalind Howell; Study new course offerings, Mrs. Denise Bashore; and Study proficiency pre-testing, Mrs. Betti Walsdorf (parent). The teams formed last

year and their leaders were as follows: Minimize class interruptions, Mrs. Judy Lopez; Promote student equality, Mrs. Jan Osika; Promote and establish conference/communication time, Mr. Les Kisler; and Provide counseling and tutoring by and for students, Mrs. Shirley Coons. The SIP core team which established meeting agendas and served as resource persons for the teams were Principal William Cope, Mrs. Dorothy Hausman, Mrs. Judy Lopez, Mrs. Cynthia Lambeth and parents, Mrs. Myra Steininger and Mrs. Ginny Freimuth.

Two SIP teams proposed changes for the 1989-90 school

year to the administration in January. The master schedule team proposed that HHS return to the six period day with an optional zero and seventh period next year and the local and state requirements team recommended that one year of the two-year physical education requirement be dropped. The Hobart School Board did not pass the six-hour day proposal leaving many SIP workers discouraged and frustrated. The school board did approve of the recommendation that the second year physical education requirement be dropped.

Board approves reduction in gym

The Hobart School Board approved a recommendation by the HHS School Improvement Process (SIP) local requirements team March 2 that the second year physical education requirement at HHS be dropped.

The state of Indiana requires one year of physical education towards graduation, but HHS had been requiring two years. The change will take effect during the 1989-90 school year and it will begin with incoming freshmen.

Before coming to the board, the SIP team, chaired by Mrs. Rosalind Howell, guidance director, surveyed present high school students, their parents, current eighth graders and their

parents who attended an orientation meeting, as well as HHS faculty.

The surveys revealed a preference for the one-year requirement, and students who would like more physical education will be able to take a second year as an elective. Overall, many students and their parents felt that the additional physical education requirement hurt students trying to take academic courses.

Although the recommendation was unanimously approved, the request will be reviewed after a year and it was approved with the understanding that no additional teachers will be hired.

Workman honored

Mr. Tom Workman, social studies teacher, was named the HHS outstanding teacher for the school year.

Mr. Workman has been a teacher for 21 years, and 20 of those years have been spent with Hobart schools. This year he taught advanced placement U.S. History, and Consumer Economics I. He says his favorite class to teach is U.S. History because that is his greatest area of interest and he finds it fascinating to teach. "The impact of the past on the present is something that everyone should study much more," he added.

What would Mr. Workman say to high school students thinking about a teaching career? "I would advise student who think that they would like working with young people to seriously consider teaching as a profession. There are many advantages to teaching and your contribution to society is immeasurable," said Mr. Workman.

According to Mr. Workman's students, he is outstanding because:

He always takes time, whether it is during class or outside of class, to thoroughly explain material.

He is fair.

He relates well to students.

He makes the subject interesting not tedious.

He treats his students with respect.

He plays background music in his class, and brightens everyone's day with his puns.

Mr. Workman was nominated by other faculty members and he was selected by a committee that included faculty and administration.

"A NIGHT IN PARADISE"

Standing out in the snow after arriving to the prom in a horse-drawn carriage are seniors Karol Smith, and Tricia Corder along with their dates.

The Junior Class sponsored "A Night In Paradise" on May 6, 1989. It was the first time in many years that the prom was held in May instead of April. Unfortunately the May weather was not cooperative, and the prom was accompanied by snow flurries.

The prom was held at St. Sava Serbian Hall from 8:00-11:00 pm, and the after-prom was from 11:30-2:30. Members of the Hobart Jaycees chaperoned the post-prom.

Seniors Andy Williams and Lisa Feczko were crowned king and queen. Students attending the prom voted on the candidates as they entered the hall.

The number of chaperones invited to the prom was cut down in order to let more students attend. Enough tickets were available that all students wanting to attend the prom were able.

Nona & Mom

Congratulations Scott, You Made It!

Sports didn't make you a winner, being yourself made you a winner.

Love,

Mom & Dad

To our son,

You've always had "Control" over your life but although you "Wanna Dance" just wait till they "Send in the Clowns" then "Let it Loose." Remember though, when you grow weary peace awaits you "On Golden Pond."

As you graduate we will have witnessed this event for the ninth and final time, not without tears, at the thought of another baby soon to be gone. Now it is your turn and you are about to experience your most important "solo" — into life itself. If you should falter I know you'll recover — you always have. You have shown determination to accomplish what you desire to do. "May the road rise up to meet you and the wind always be at your back."

Thank you for all the joy you have given us, but most of all for being the person that you are.

We love you Rob

Hobart Teacher Dies

Mr. Robert Johnson, an HHS teacher who had been on sick leave since early in the 1987-88 school year, died Feb. 17, 1989. Mr. Johnson was a psychology, social studies, and English teacher for over 20 years. More recently, he sponsored an Astronomy club for students and often invited club members to his home for star gazing.

Mr. Johnson was a past president of the Hobart Teachers Association and in 1972 he was an unsuccessful candidate in the Democratic primary for U.S. Representative. He officiated at many swimming and volleyball events for the Indiana High School Athletic Association, and supervised the men's basketball league and women's softball and volleyball leagues for the Burns Harbor Athletic Association.

Speaking of Mr. Johnson, Miss Gail Schrader, Science teacher, said, "Mr. Johnson was a true intellect. My memory of him will always be sitting in the teachers lounge reading 'Psychology Today,' 'Astronomy,' 'Scientific American,' and similar magazines. I will truly miss his viewpoint in life and the world in general."

At the time of his death, Mr. Johnson was 52. He had been suffering from a malignant brain tumor. Funeral services were held Feb. 21 at St. Andrew's Episcopal Church in Valparaiso where Mr. Johnson and his family resided.

Seniors

1989 Senior Class Officers — Amy Campbell, secretary; Lisa Feezko, treasurer; [redacted] president.

As spring approached, the class of 1989 knew its high-school days were coming to an end. With anticipation of graduation, many students remembered their first week as freshmen and wondered where the four years had gone.

The many familiar places where much time had been spent over the four years were soon to become just faded

memories. Sitting in the main lobby before school and taking cuts in the lunch line were habits forbidden for freshman but were privileges that were just taken for granted by seniors.

As Seniors prepared to leave the halls of HHS and enter a world in which they hope to be able to fulfill their career goals and live their dreams, they re-

membered the great times and friendships which were made at HHS.

The class colors were green and white and the American Beauty Rose was the class flower. The class motto was, "Tread not the well worn path, but make your own."

Seniors

The Class of '89 was allowed many privileges in 1989. S.A.D.D. sponsored the senior lock-in. Only Seniors and S.A.D.D. members and their one guest were allowed to attend.

The Math Club traditionally sponsored the Aloha Seniors Dance. This was the last dance of the year and also one of the last chances the seniors had to spend time with their classmates.

On Thursday, May 25th, seniors participated in senior slave day in which the seniors were allowed to have an underclassmen as their slave for the day.

Other Senior privileges included attending school one hour late on the Monday after prom and receiving banana splits the last day of school.

The Senior Class was also dismissed from school one week earlier than the rest of the school.

Seniors

Forty-three seniors participated in Government Education Day, April 27, 1989.

School Mayor Linda Seibel took the place of the City Mayor, while Mary O'Malley was the city clerk. Stacy Waldron was the city judge, while Adeline Bemish was the court clerk.

In the police department, Aaron Immel was the chief and Dan Zanolta was the captain. Detectives were Kelly Misco and Jim Herrick. Jeremy Garrison headed the Bureau of Investigation, while Dori Evenseck, Carrie Chelle, and Randy Ahlgrim were patrolmen.

Tiffany Testerman was the fire department chief, while Karey Misco was the assistant fire chief. Fire captain was Andy Williams and the lieutenant was Missy Miller. Heading the fire prevention bureau was Tricia Neely, and Dawn Beeler was the secretary. Julie Roskowski and

Don Potter were the EMT's and the firemen were Beth Steinger, Lisa Patrick, Patty Glennon, Stephanie Matuga and Julie Kincaide.

There were more education positions than there were seniors applying for them. Jennifer Rodgers and Rob Bell worked at the Middle School, while Sharon Altevogt worked at Trinity Lutheran School.

Mike LaBounty taught at Ridge View, while Rob Mills and Scott Richardson took over classes at Liberty School.

Substituting at Foreman School was Allison Thompson, Tricia Glinos, Mary Orosz, Lino Maggio, and Beth Kozyra.

At Mundell, the following seniors participated: Joni Salisbury, Frank Galvin, Rich Graham, Michelle Freeman, Lisa Feczko, and Karol Smith.

Sophomores

As sophomores, the class of 1991 was able to have a good time, instead of feeling burdened by the fears and anxiety that go along with the freshman year. Ridicule was replaced by acceptance because the sophomores had mastered "the ropes."

Kim Gallagher and Rich Sphar were named Football Homecoming princess and prince and Chris Lain was crowned basketball princess.

The class colors are blue and gold, the class flower is the red rose. The class motto is "Build for character, not for fame."

Freshmen

Members of the Freshmen class went through many changes as they entered HHS, as do most freshmen. They experienced harder classes, a larger atmosphere, and "bullying" from the upper-classmen.

Jenny Dickson and Frank Maggio were crowned Football Homecoming's princess and prince. Kristine Mikusevich was crowned princess for Basketball Homecoming.

Jenny Dickson was president, Jason Skezas was vice-president, Mark Anderson was treasurer, and Willie Rich was secretary.

Bricks Show Great Team Effort

GET A HOSE!!! Two Varsity Football players show the advantages of being on the team.

The Varsity Football team proved this year that in order to be a winner, you have to lose your share, after taking two regular season losses to Chesterton and Portage, and losing to Hammond at Regionals. Being the defending team of the State title this year added additional pressure to win.

Losing games didn't make losers of the team or its players. Many of them won awards and honors; among them were: Duneland All-Conference winners, Randy Ahlgrim, Frank Galvin, Jason Gilliana, Scott Golarz, and Junior Rick Knight.

Post-Tribune All-Area Team members included: Seniors Chris Jones, Dave Richa, Ahlgrim, Galvin, Gilliana, Golarz, Zanolta, and Juniors Knight, Joe Casco, Dave Grabczek, and Malcolm Johnson. Junior All-State winners were Knight and Grabczek. Special honors went to Golarz and Zanolta, after making the Top 33 U.S. High School Team.

The biggest honor went to Coach Don Howell after being the 10th coach in the state to win his 200th victory. Howell is the youngest coach to achieve the honor in a span of only 23 years.

"The team played really well, even though we lost conference, the team did very well as a whole," said Coach Howell.

The players who led this well rounded team were Captains Galvin, Gilliana, Richa, Dave Bialata, and Zanolta.

According to Coach Howell, "It was a team effort, with a few key players."

The Junior Varsity Football team finished the season with a 7-8 record, with a loss to Merrillville.

PARTY TIME!!! Sophomore Josh Manfred Junior Matt Roper and Senior Everett Barker celebrate after finding out the last call.

CHARGE!!! All-Conference player Senior Scott Golarz attacks his Hammond opponent at Regionals.

OUCH!!! - Coach Roberta Adams helps Freshman Trisha Pouch with a sore ankle prior to a meet.

The boys cross country team set as its goal for the 1988 season to improve on its last place finish in the Duneland Conference the previous year. They accomplished their goal by placing fifth in the Duneland Conference with all their athletes running their best.

Senior Rey Jimenez placed 12th in the Duneland Conference meet, which provided such competition as Chesterton, Valparaiso, and Portage; all of which were ranked in the top ten in the state.

At the sectional meet, the outcome wasn't as successful. The Brickies placed seventh, needing a top five finish to advance as a team to the Regional. However, Jimenez placed eighth individually.

He and the entire boys cross country team built on their slogan, "The tradition starts now!" The cross country team has high hopes on becoming a team that will be respected in future years to come.

Senior Ron Bysiek was the team captain and was also awarded Most Improved. Other awards given included: Jimenez, Most Valuable; Potter, Most Consistent; Vode, Heart-N-Soul; And Bonner, Just What We Needed Award.

The girls cross country team had a fight, finishing

the second half of the 1988 season without a complete team. With only four girls — Senior Tina Yakim, Juniors Missy King, and Dawn Shearer, Freshman Tricia Pouch — they were one girl short of a full team. Even though they knew that they could not win as a team, each girl still gave it her all nonetheless.

Team awards include King, Most Valuable; and Pouch, Most Improved.

French classes tour Paris

The French classes taught by Mrs. Debbie Olejniczek participated in many new activities this year. They celebrated the Bicentennial of the French Revolution by watching a video and wearing red, white, and blue clothing. The classes also brought in food in the same colors. On March 22, they participated in Marcel Marceau Day in honor of Marceau's 66th birthday. Her classes watched a video of Marceau teaching pantomimes while her students came dressed in the traditional black and white. Sue Kemper also helped out by teaching the classes the "mirror image" pantomime. A new way of studying came along when the classes took a computer tour of Paris. This included a grammar and vocabulary review as students became familiar with Parisian landmarks. Her students had the opportunity to plan their "metro" (subway) routes in order to see the monuments.

Mrs. Barbara Shinovich's Spanish 9-10 class had three IUN honors. Seniors Stacy Waldron, Michelle Richards, and Mary O'Malley taught Spanish classes about their stay in Mexico. Another IUN honor went to Juli Lute. Juli studied San Luis Potosi, Mexico this summer. She is one of the top 30 students in Indiana. Her classes learned Mexican dances. Reports were

also written on a famous person they admire in Spanish.

The German classes had a cultural day eating bratwurst and other German food. They also did skits and sang German songs. Some German classes participated in German conversation hours after school.

A new teacher from Germany, Mrs. Eike Passenger was welcomed to the English department. She teaches senior composition, Basic English 1-2 and two German classes. She replied that the subject matter was not different but instructional materials were used differently.

Mrs. Denise Galovic's Honors English class did a research paper and an Audio play.

"Huckleberry Finn" projects were a success in Mrs. Judy Lopez's English classes. The students made cake-decorated scenes, drew pictures and even collages. Mrs. Lopez replied she received some clever things. The senior composition classes did their usual term papers as part of their curriculum. Theatre class, taught by Miss Shirley Mumaugh, put on their usual plays; the fall play, "The Night of January 16," and "The Prince and the Pauper," for the children's play. A group of the best math students went to a competition in Chesterton in the spring.

The Physics classes taught by Mr. Les Kistler did their usual

labs. But something different happened for Mr. Kistler. This year, he taught Calculus for the first time taking it over from Mrs. Anita Sark. Mr. Jim Fisher's advanced chemistry classes did a qualitative analysis. They also did a written computer program.

Mrs. Gail Schrader's Medical Biology class dissected a cat to study arteries, muscles, and veins. They also helped out with the Red Cross Blood Drive. Med. Bio. took over the job from the defunct Health Careers Club.

The housing classes made drawings of furnishings and decorated a home. A financial crisis affected the home ec classes. Mrs. Lawrence was replaced half of the school year by a temporary substitute due to back problems.

In the woods classes, students made various projects. One outstanding project was Tammy Konja's free standing cradle.

Three other students made gun and bow racks. Many students made heart jewelry boxes and music boxes for Christmas. In the advanced woodworking class, John Ketchum designed and constructed a gun cabinet. Tim Johns constructed a hexagon end table. Turning several projects on the wood lathe was Jason Gearhart.

In auto mechanics, students worked on several projects. The classes did a lot of transmission and brake work. Three wheelers were worked on and also some outboard motors. A special project this year was the four-wheel drive transfer case. The class had various speakers including one from the DANA corporation and one from Lincoln Technical Institute. Drama performed behind the scenes

The Genesis Players, under the direction of Miss Shir Mumaugh, participated in a very exciting year. The officers were Mary Orosz, Harvey Dickson, Jennifer Rodgers, and David Widener. "Night of January 16th", the fall play, was their first accomplishment. They also helped co-sponsor the Leadership Conference in February. A committee was also formed to start work on a design on a new mural. Senior Riley Vickrey, Jr., created a new sweatshirt for the club.

They also participated in a car wash on May 20th. It turned out to be a fairly nice day with temperatures in the 70's. They co-sponsored the soft-game with the National Aflac Society and had the Aloha Seniors Dance.

Something different was done this year for the Writer's Club. They held a dance where seniors could invite underclassmen and the senior who invited the most won a prize. Also they organized material for the literary magazine.

SADD lock-in proves to be a success

Students Against Driving Drunk is an organization trying to keep teen-agers off the road when they are under the influence. On March 10 that's exactly what happened. S.A.D.D. sponsored its first lock-in, and it was a great success! Relay races were played, along with volleyball and much more.

In October HHS held a statewide Red Ribbon Campaign. Students bought stickers that said NO to drugs and they wore them on "red ribbon day." A large red ribbon was also placed on the flag pole in front of the building for the day.

The outstanding members for the school year were Jeni Vargo, Cara Smith, Lori Sadelack, Frank Galvin, and Brian Whi-

taker. Overall SADD had a very successful year and Mrs. Lov-erich did a terrific job as a first year sponsor.

Dinner at Casa Gallardo's and bowling at Hobart Lanes were just a few of the activities the Spanish Club participated in this year. These activities helped the members experience customs, and get the feel of life in another country. Headed by President Mary O'Malley, vice-president Stacy Waldron, secretary Juli Lute, and treasurer Allison Thompson, the club tried to get involved in fun and interesting activities. They also gave out scholastic scholarships and designed a new logo for t-shirts and sweatshirts.

President Jeni Vargo and members, check off names of the people that had arrived at SADD's first lock-in held on March 10th.

Someday I'll trade these dolls in for a shot put and a basketball.

Wouldn't it be fun to be a little mouse instead of me? I'd slip around the house at night and never need a bit of light. I'd nibble this and nibble that and tweak the tail of our old cat! And as for all the cheese they'd eat, I'd be the mouse they never get. — May, 1976

Effort of Good Will

Three California grey whales captured the attention of the world in October of 1988. As winter approached the arctic, the whales were trapped in the freezing water en route California.

Local efforts were first made to keep breathing holes open for the three whales. For the mammals to survive though, a path to the sea would have to be cleared. The coalition of environmentalists, oil company officials, Eskimo whalers and the Alaskan National Guard all came to the rescue. Eventually, the whales were led to open sea by breathing holes in the ice. Two of the three whales survived the ordeal.

In an effort of good will, many people and nations came together to help.

Summit Reached

1988 was characterized by several ground breaking summits between Soviet leader Mikhail Gorbachev and President Ronald Reagan.

In May, President Reagan visited Moscow, where he and Gorbachev signed nine agreements with two pertaining to arms control. Reagan also emphasized issues of human rights while in Moscow.

In December, Gorbachev visited the United States and addressed the United Nations. He promised to trim 500,000 men and 10,000 tanks from the Soviet armed forces. His visit ended quickly when an earthquake hit Soviet Armenia. This was the first time since World War II that the Soviet Union accepted disaster relief from the United States.

Forests Catch Fire

Since the beginning of summer in 1988 the worst fires in several centuries ravaged over a million acres of Yellowstone National Park.

The blame for the catastrophe has been put on several forces. The government was following a policy of a natural burn theory. The Park Service has allowed natural fires, as those caused by lightning to burn their course as long as humans or private property are not threatened.

Another factor in the continuance of the forest fire has been the effects of natural forces. Hot weather, high winds and summer drought have been causes.

Half of Yellowstone's acres had been charred as had land in surrounding states.

Elvis Lives! Although the legendary King of Rock & Roll has been dead for over ten years, 1988 was the biggest year ever for Elvis sightings. He was seen doing a variety of things ranging from fishing in upstate New York to dining out in California.

Since the tragic ending to the space shuttle Challenger mission, the new shuttle Discovery's four day flight in September was the first successful mission.

FINAL NOTES

There were many times that I thought this day would never come, but it's finally here and it's not even July. All of our hard work during the year obviously paid off because we're not still typing away in the teachers lounge.

Dana, I leave you my job and a lot of patience. Good Luck, I know you can do it. Just remember, when you feel that you've reached the end of your rope, tie a knot and hang on. It's a lot of work and a lot of time, but I promise that when it's all over it will be well worth it.

To the rest of my staff, thanks for all your time and effort. If it wasn't for all of you there wouldn't even be a book. Pam and Cyndee hang in there, you'll be graduating before you know it. Stan, I know you're going to miss all of our gossip. Having a class with nine girls wasn't that bad, now was it? Laura, Tricia, Michelle and Pam, Good Luck in whatever you do I know you'll all be great successes.

Lisa, there isn't enough paper for me to say everything I'd like to. All I know is that if I didn't gain anything else from being editor, I gained your friendship and that's the best thing I could have ever asked for. We had so many great times this year and we're going to have so many more, I promise. Hang in there, someday you're going to get everything you deserve. You're a great person with a lot of talent. Without you the darkroom would have been a disaster. I don't think I could have made through without you.

Mrs. Lambeth, thanks for convincing me to be editor. Although there were times I regretted my decision, it was well worth giving up work study for. I did keep my promise like I said I would. I didn't make you spend your summer in the teacher's lounge.

To the Class of '89, Congratulations and Good Luck!!!

I'll Miss You All,
Linda Adams
